What do you do when...

A three-year old girl is eating a sweet. Suddenly she starts holding her throat and gasping for breath. You can see she is choking. What would you do?

1. ? Call a doctor.
2. ? Hit the girl very hard on the middle of her back.
3. ? Put your fingers in her mouth and try to get the sweet out.

2. A teenage boy is having a nosebleed...

1. ? You tell him to lean forward and pinch his nose.
2. ? You tell him to lean backwards and pinch his nose.
3. ? You tell him to let it bleed until it stops.

3. Your little brother burns his hand on a very hot iron...

1. ? You put butter or oil on the burn.
2. ? You put a plaster over the burn.
3. ? You run cold water over the burn.

4. Your older sister stumbles over a large plant pot in the garden. She may have sprained her ankle...

1. ? You advise her to lie down, raise her leg and put an ice pack on her ankle.
2. ? You advise her to keep still and wait for the doctor.
3. ? You advise her to stand up and see if she can walk a little bit.
